

Black Flash Jacket  
Sizes: XS-4XL

Comfort Pad insulation is fabricated of an innovative microfiber weave creating maximum heat insulation with low loft. It's also extremely soft and pliable for the highest comfort level. CPI is up to ten times lighter and thinner than conventional insulating materials and retains twice the body heat compared with other polyester insulators of the same thickness

4-WAY STRETCH offers maximum mobility which promotes maximum comfort, performance and fit. Unlike many other fabrics, this material is flexible in all directions.
